

### City of Refuge and First Stepp Staffing TDL Partnership

New collaboration with First Step Staffing focused on connecting individuals in the West End to TDL career pathways that enable individuals to secure credentialing along with sustainable employment. The Collaboration approaches vocational training, from assessment of skills to training to job search to job retention strategies, from an understanding that transformation only takes place in the context of hard work and caring relationships.

Construction and Skilled Trades; Electrical Generating Systems and HVAC

### Cobb Pathway Apprenticeship - Power Up!

The Cobb Pathway Apprenticeship program in collaboration with Prime Power and other employers will help veterans and the underserved move toward sustainable wages and economic mobility through training and education that focuses on skill development for career paths in the technician and electrical energy industries.

GEORGIA BUILDING TRADES ACADEMY, INC.

Construction and Skilled Trades; Manufacturing/Advanced Manufacturing

### Georgia Building Trades Academy YouthBuild

The Georgia Building Trades Academy (GABTA) is a 501(c)(3) training organization dedicated to providing Georgia's citizens with the education and employment opportunities that will lead to a successful career in the construction industry. The GABTA YouthBuild Program is a pre-apprenticeship designed to prepare youth ages 16-24 to enter and succeed in registered apprenticeship programs, which are gateways to strong, middle-class jobs in the US construction industry.

Construction and Skilled Trades

### Second Step Program with CEFGA

This expansion of the newly developed Second Step pilot program is being used as a blueprint to create additional flexible training collaborations for FSS clients – to help clients continue to advance as they move towards full economic self-sufficiency. This construction partnership with CEFGA allows individuals to earn while they learn with the opportunity to obtain up to 8 industry recognized credentials. This program was impacted by COVID and therefore extended from FY20 to FY21.

## PER SCHOLAS

IT (Information Technology)

### Software Engineering Program

In Per Scholas' 15-week intensive training, students will learn to think and build like Software Engineers. In each four week curriculum model students develop key skills through interactive labs, lectures, and close collaboration, showcasing progress through Portfolio Projects. The course culminates in a capstone project where students will design an application complete with a database and advanced topics such as external api connections and authentication.

re:imagine/ATL

Film/Media

### re:imagine ATL Digital Media Apprenticeship Program

This apprenticeship program prepares Opportunity Youth for careers at creative agencies, media companies, and independent film studios. This aligns with the metro Atlanta Workforce Development Boards regional plan concentrating on the region's most in-demand sectors. The program is pivoting from a focus in film to creative media as that field continues to be in high demand despite the pandemic.

## STRIVE<sup>®</sup> ATLANTA

Maintenance; TDL  
(Transportation, Distribution and Logistics)

### STRIVE's Five-Pillar Career Pathways Program

The STRIVE Five-Pillar Career Pathway is an evidence-based suite of workforce development programs designed to connect job seekers to high quality training and employment focused in the Southwest Atlanta region. Career pathways in Atlanta include Transportation, Distribution and Logistics and Basic Industrial Maintenance.

Manufacturing/Ad-vanced  
Manufacturing; TDL  
(Transportation, Distribution and Logistics)

### Career Ready Training Program

Focused in Douglas and Coweta counties, the Career Ready training program will move underemployed individuals to average wage, middle skill employment in the manufacturing industry sector. This pilot expansion was impacted by COVID and therefore extended from FY20 to FY21.
